REFERENCE LETTER

To whom it may concern:

Anna Rybničková, born 19th October 1993 in Brno, Czech Republic worked part-time for CCUSA as an Area Representative from October 2017 until May 2018.

Anna was running our Brno office by herself. Her duties were talking to potential applicants, giving information regarding our programs, organizing info-meeting, marketing our programs, answering e-mails and phone calls, interviewing applicants and writing reports.

Anna completed all given duties to my whole satisfaction. She led all interviews in a friendly, collegial way. Anna developed a very good knowledge of human beings, which enabled her to find out the suitability of each candidate for our program within a short time. Her oral and written English are very good.

It was a pleasure to work with Anna, as she is diligent, responsible, open-minded, outgoing and easy to talk to.

I wish Anna all the best for her future.

Daniela Kamba

CCUSA Country Director
