

Obsahová agentura s.r.o.
Slovákova 357/8
602 00 Brno

We have been working with Anna Rybnickova on translation and localization projects into English language for several years now. During that time, I have learnt that I can always rely on her providing a professional service, together with fast, reliable and pleasant communication. As a great plus, I see the proactive approach she takes on during her tasks as she points out possible improvements to and shortcomings of the original text.
